ROTOCRIB

## 360° OF HIGH CAPACITY
SECURE INVENTORY MANAGEMENT

RotoCrib provides a scalable and cost effective solution for the secure management of a wide range of high and low usage items.

Carousel design is an ideal solution where space is limited but the need for managing a large number of different items is essential.

The RotoCrib's storage capacity of 234 to 468 compartment locations make it ideal for safety equipment, MRO, machine tools or consumables.

THE ROTOCRIB IS FULLY COMPATIBLE WITH
ALL EXISTING AIMS MACHINES*
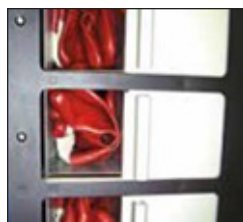

*Does not include Matrix Maxi and Matrix Mini

DIVIDERS

The compartment size can be doubled in width by removing the compartment retaining wire and removing the divider.

TOOLING

Tool assemblies can be inventoried securely and issued to the production floor.

MRO ITEMS

The ability to change compartment size provides the flexibility to configure the unit for the various size requirements of MRO items.

PPE/SAFETY

Ideal for PPE/safety items, the flexibility of the compartments along with the capacity allows for different quantities for each of the items based on usage.

ACCOUNTABILITY

The unique SPS software provides a complete audit trail of all transactions.

FEATURES

INVENTORY CONTROL HAS NEVER BEEN SO SCALABLE

CONFIGURATIONS
Removing the containment wire within a single column doubles the size of the compartment. This allows you to manage various size items as needed based on the product mix.

STAND-ALONE OR ADD-ON
RotoCrib can be used as an add-on or a stand-alone point of use.

SECURE RETURN CAPABILITY
The RotoCrib has an easy and secure return capability, controlling access to single compartments for maximum security.

EFFICIENCY
Multiple compartments can be selected in a single transaction, minimizing the time required to manage large volumes of stock.

ACCOUNTABILITY
All transactions are recorded with the ability to track by machine, machine group job, user and user group.

COMPATABILITY
RotoCrib can be seamlessly integrated into any new or existing AIMS machines running SupplyPoint software v3.1 or greater.

MANUAL OVERRIDE
If power is ever lost, RotoCrib has a simple manual override facility which will allow emergency access to the contents.

EXPANDABILITY
RotoCrib can be expanded and because of the flexibility of the compartment, RotoCrib provides a large capacity for demanding point of use requirements.
